MONOBLOCK

PARA MESA FRÍA

FOR COOLING TABLE

Tipo de ventilación
Ventilation type

MCT-W450

Características:

rango de temperatura +2/+8°C
potencia del compresor: 450 W
alimentación: 230V-50Hz
refrigerante: R290, 80g
clase climática 3: de + 10°C a +25°C

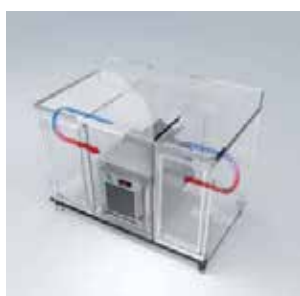

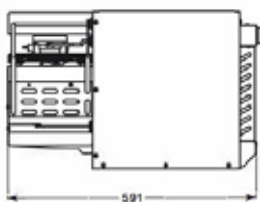

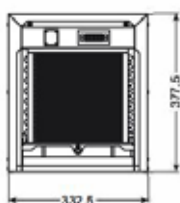

Features:

operating temp. range: +2/+8°C
compressor cooling capacity: 450 W
supply: 230V-50Hz
refrigerant: R290, 80g
climate class 3: from + 10°C to +25°C

MCT-W450

MONOBLOCK - Para mesa fría / for cooling table

Modelo Version	Código Code		
MCT-W450	F10 8895		

Tipo de ventilación
Ventilation type

MCT-W550

Características:

rango de temperatura +2/+8°C
potencia del compresor: 550 W
alimentación: 230V-50Hz
refrigerante: R290, 85g
clase climática 3: de + 10°C a +25°C

Features:

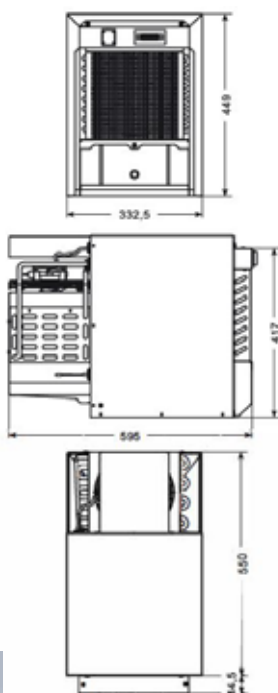

operating temp. range: +2/+8°C
compressor cooling capacity: 550 W
supply: 230V-50Hz
refrigerant: R290, 85g
climate class 3: from + 10°C to +25°C

MCT-W550

MONOBLOCK - Para mesa fría / for cooling table

Modelo Version	Código Code		
MCT-W550	F10 8896		

MCT-W700

Tipo de ventilación
Ventilation type

Características:

rango de temperatura +2/+8°C
potencia del compresor: 700 W
alimentación: 230V-50Hz
refrigerante: R290, 90g
clase climática 3: de + 10°C a +25°C

Features:

operating temp. range: +2/+8°C
compressor cooling capacity: 700 W
supply: 230V-50Hz
refrigerant: R290, 90g
climate class 3: from + 10°C to +25°C

MCT-W700

MONOBLOCK - Para mesa fría / for cooling table

Modelo Version	Código Code		
MCT-W700	F10 8897
